Imparting to it an unequied gioss and brilliancy, making it soft and silky in its texture, and causing it to curl readily.

The great celebrity and increasing demand for this unequaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It cleanes the head and scalp from dandruff and other cutaneous discesses, causing the hair to grow luxurisntly, giving it a rich, soft, glossy and flexible appearance, and also, where the hair is leosening and thinning, it will give strength and vigor to the roots and restore the growth to hose parts which have become bald, causing it to yield a resh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have falled. L. M. has in 189 possession letters innumerable testifying to the above facts, from persons of the highest redectability. It will effectually prevent the hair from turning until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plainlor in curls; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

Only Twenty-Five Cents

Perfumers.

L. MILLER would call the attention of Parents and duardians to the use of his invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it re-moves any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of

THE AMAZGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularised in connection with Mr. Spalding's great headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spaiding has sold two millions of bottles of his celebrated Preparted Glue, and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an eggeogate of twenty millions of dollars rectaining from total less by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Bills, and if they are as good as his Glue, Hescaches will soon vanish away like snow in July. Il POVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint, as fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the attained and larring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.
